

Website Name:

Columbia Spot Finder

Description:

Columbia Spot Finder is an application that helps users find skateboarding spots within Columbia, SC. It will have an interactive map of locations, as well as the ability for users to filter by types of spots. This includes but is not limited to spots with stairs, rails, transition, hill-bombs, etc. Users will be able to see real photographs of the spots. Users will be able to see the quality of each spot, given by a star rating from the moderator.
